

## EXECUTIVE SUMMARY

I am a video editor and writer with 7 years of experience in creative writing, storytelling, and editing for videos of all kinds. I have experience writing, directing, and editing short films, and have worked together with small teams to create shorts from the ground up, from concept, to layout, to visualization, to animation. I have had experience working in a production setup, having knowledge of how to integrate myself and my work into a new pipeline with other individuals. I also have also written an array of short stories(both fictional and nonfiction) and scripts.

## PROFESSIONAL SKILLS AND INTERESTS

---

- Video Editing
- Writing/Scriptwriting
- Motion Graphics
- Storyboarding

## OTHER RELEVANT INFORMATION

---

**Computer Skills:** Adobe Premier, Photoshop, After Effects, Adobe Illustrate

## PROFESSIONAL SKILLS DEMONSTRATED

---

### Kurt the Cyberguy

2024 - 2025

*Tech news and tutorial video site.*

#### Freelance Video Editor

In charge of editing together various types of videos in bulk.

- **Malleability:** Responded and amended notes and change requests quickly and attentively, regardless of time of day or frame of time required.
- **Adaptability:** Capable of replicating an existing style/existing projects, and picking up works in progress in order to maintain the tone, style, and quality of past, current, and future projects.
- **Speed:** Received even last minute projects and got them finished and approved expeditiously while maintaining quality and consistency.

### Step

2022 - 2022

*Credit Card Company*

#### Freelance Video Editor

In charge of editing together social media videos in bulk.

- **Comprehension:** Took in all instructions and notes and followed them accurately. Always stayed connected and asked clarifying and follow-up questions. Helped come up with plans and solutions when clients with less knowledge of video editing requested aid.
- **Independant:** Responsible for keeping myself focused and productive as a freelancer, as well as communicative and present regularly for the client for both questions and changes in focus.
- **Speed:** Received additional work last minute and completed both it and previously assigned projects in a timely fashion, leaving ample time for notes and multiple versions.

## Acuant

2020 - 2021

*Acuant is an identity verification, document authentication and fraud prevention technology services provider*

### Technical Documentation Writer

I wrote technical documentation on the various systems and topics relevant to the anti money laundering scene. I created dozens of documents from scratch explaining how our system worked in layman's terms for our clients. The documentation would be viewed by clients all around the globe who were new to our system.

- **Multi-faceted:** Responsible for: Writing documents, organization of documents, and the editing of images to be paired with said documentation.
- **Responsibility:** Worked remotely and was responsible for setting goals and due dates, as well as finding work that needs to be done. Was also responsible for creating release notes for the other teams work.
- **Team Focus:** Attended weekly meetings for updates on progress, demonstrations, feedback and note taking, and in turn applied the feedback given documents

## RELEVANT PROJECTS

---

**"Katja's Abyss":** Conceptualized, planned, and edited the trailer for the strategy game Katja's Abyss which now appears on the game's Steam store page. I created all the animations and edited the trailer in its entirety.

**"Camp":** Created the conceptual trailer for a documentary seeking funding called "Camp". I was tasked with creating the entire thing on my own with little to no guidance. I created the concept, planned, and edited together multiple versions of the trailer entirely on my own, and did alterations in a timely manner after feedback was given.

**"Miles":** Was a 3D animator for an animated short under Project X, a student ran animation project. Started animating midway through the project, adapting to the workflow quickly and efficiently. Worked under an animation lead and a producer, and worked along with 30 other students, an entire team of animators, lighters, modelers, and audio students to create a short film.

**"The Fool":** Wrote, shot, directed, and edited a forty minute short film with a group of four of my colleagues. Wrote the script, directed many of the shots, helped in the shooting, and edited the entirety of the film using final cut pro. (2017-2018)

**"Grown":** Was script writer and creative consultant on a short film project led by a group of 20 other students. Wrote and revised the script multiple times, as well as completely overhauling it to suit the needs of the group. (2016-2017)

## Awards and Acknowledgments

- Cogswell Excellence Awards Creative Writing Runner-up: Was runner up for my short story "Shelter"
- Dean's List

## EDUCATION

---

### B.A. in Digital Arts and Animation (Concentration in 3D Animation).

Cogswell Polytechnical (San Jose, California)

- 3.50 GPA
